

Dear Ladies & Gentlemen,

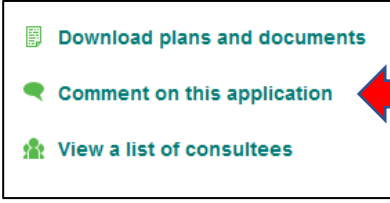

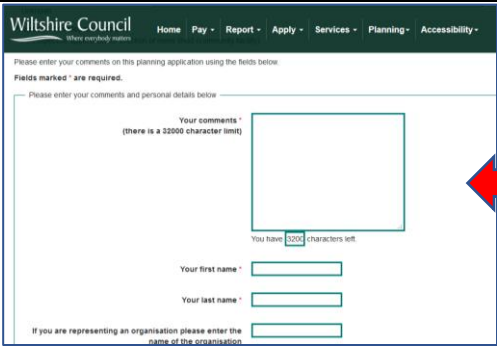

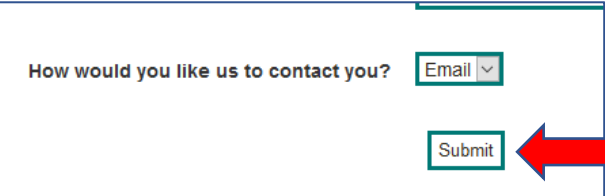

I am writing to appeal for your support with the Wilton Men's Shed. We are currently in the process of obtaining retrospective planning permission for our proposed premises at Castle Meadow in Wilton.

To assist us in this important application, I am asking people from across our network to show their support for our application via the Wiltshire Council Website.

Your support will help demonstrate the importance of what we are trying to achieve within our community. Hundreds of hours of work, has been poured into the building the Shed, forming the board of trustees and growing its collaborative relationships with other local charities and businesses.

If you feel this is something you could support us with, please follow steps below:

1. Visit the Wiltshire Council Planning Website by clicking	Click the link here
2. Click the “Comment on this Application” button on the righthand side.	
3. Fill in your comments of Support along with your contact details.	
4. Once complete, please click the submit button.	

Your support is greatly appreciated, and we look forward to making the Shed a charity which supports our community for generations to come.

Kindest Regards,

Dan
